OVERDRAFT OPTIONS, FEATURES AND FEES

Fee

\$30.00 per overdraft due to insufficient or uncollected funds.

INSUFFICIENT FUNDS: There is not a sufficient Available Balance or Total Balance in your account. The transaction may be paid or returned.

UNCOLLECTED FUNDS: There is not a sufficient Available Balance due to holds. The transaction may be paid or returned.

Policy

An overdraft is created when the Available Balance in your Checking, Share Savings, or other deposit account is insufficient to cover a check, withdrawal, automatic transfer, electronic transaction, returned deposited item or any other electronic purchase payment, or debit.

We will decline ATM withdrawals if there is not a sufficient Available Balance in your account. You will not be charged a fee when this occurs.

If a check, automatic payment or everyday debit card purchase is presented for payment and you do not have a sufficient Available Balance in your Checking account at that time, we will attempt to transfer funds to cover the transaction from your line of credit and/or savings account(s) unless you select otherwise. There is no fee for this service.

If there is an insufficient Available Balance in your Line of Credit and/or Savings account(s) to transfer to your Checking Account when the transaction is presented for payment, our actions will depend on whether or not the account has Courtesy Pay. See further details below.

Courtesy Pay available on account. This is the default for our checking accounts.

We may pay the transaction, rather than return it, and charge a \$30.00 fee.²

Member has opted-in to cover every day debit card purchases and has Courtesy Pay.

We may authorize the transaction, rather than decline it, and charge you a \$30.00 fee.²

Member has opted-out of Courtesy Pay or the account is not eligible.

Checks and automatic payments will be returned/declined and you will be charged a \$30.00 fee.²

Every day debit card purchases will be declined and you will not be charged a fee.

See our Membership Agreement & Disclosures for more details and definitions on Checking Account Balances and Overdrafts.

² If the transaction is resubmitted for payment and the Available Balance is still insufficient, you may be charged an additional fee each time the transaction is resubmitted.

HOW TO AVOID OVERDRAFTS

- Keep an eye on your **Available Balances** with our free Online Banking, Mobile Banking, and Expressline services.
- Set up free alerts, such as Total Balance or overdraft notifications to help better manage your money. You can receive them through text, email, or push notification. (Carrier rates apply)
- Set up Direct Deposit of your paycheck for immediate access to funds and avoid check hold times.
- Apply for a Preferred Line of Credit. Contact us for rates and terms.

DEPOSIT AND WITHDRAWAL POSTING ORDER

In general, your deposits and credits are added to your account first, then your withdrawals are subtracted in the order in which they were received. More specifically, deposits and credits post in this order:

1. Payroll and electronic credits (deposits)
2. Electronic debits (withdrawals) in the order received
3. Check debits in the order received
4. Debit card debits in the order received

Remember that while there is a hold on a check or debit card transaction, that money will not be available to you.

WHEN ARE FUNDS AVAILABLE?

		Cash Deposits	Check Deposits
	Video Teller Center/Branch	Full amount immediately	Full amount immediately ³
	ATM	Full amount immediately	\$500 immediately, remainder next business day
	Mobile Deposit or My Deposit	Not applicable	\$500 immediately, remainder in 2 business days
